

INTRODUCTION TO MADHU'S WINE LIST

Wine can be a wonderful complement to the Madhu's experience, whether you are seeking a refreshing glass before your meal, something complex to enhance Madhu's vibrant flavours, or a light digestif to finish your evening.

This new list, developed from my perspective as a Master of Wine, is shaped by Madhu's culinary identity. The menu brings together over 200 wines from across the world, each selected for its character, integrity, and ability to elevate your dining experience.

The wines reflect the remarkable diversity of the wine world today. Classic regions such as Bordeaux, Burgundy, Rioja and Napa sit alongside dynamic emerging regions including Greece, Romania, Uruguay and England. Every bottle on this list has been chosen because it tells a story worth sharing.

Madhu's cuisine is vibrant, layered and expressive, and the wines have been selected to complement these flavours beautifully. From aromatic whites and textured rosés to elegant sparkling wines and powerful reds, the collection has been curated to enhance spice, celebrate freshness, and bring harmony to each dish. Alongside timeless classics, you will also discover wines of rarity, character and depth.

The list is organised by style to help guide your choices and pair effortlessly with the dishes you select. We have also worked hard to offer value throughout the collection, particularly within the premium selections. Some of our finest wines are also available by the glass through Coravin.

Above all, this list is designed to be welcoming, enjoyable and perhaps even a little adventurous. We hope it brings as much pleasure to you, our guests, as it has brought to us in creating it.

MASTER OF WINE

NOTES

- Champagne and sparkling wines are served in 125ml measures.

SWEET & FORTIFIED WINES

SWEET WINES BY THE BOTTLE

Sweet wines are a lovely way to end your meal. Luscious, aromatic and beautifully balanced, these wines combine vibrant acidity with gentle sweetness and are a pleasure to drink and savour. Some are complex, others more fruit-focused. We are pleased to be working closely with Schloss Johannisberg in Germany, one of the oldest wineries in the world. Bottle size is noted next to the wine.
